

## RTO Short Courses

The Association of Wall & Ceiling Industries of Australia and New Zealand Inc (AWCIANZ Inc) is dedicated to providing courses that allow Trades & Industry participants to increase their knowledge & skills.

Registered Training Organisation 70212

**MAY 23<sup>rd</sup> and 24<sup>th</sup> 2018 – Enquiries: 08 8440 2438 or email - adminSA@awci.org.au**

The **Industry Insulation Installers** course will provide an enhanced understanding of obligations and responsibilities when installing insulation in walls, ceilings and underfloor.

The course is delivered as a blend of theory and practical tasks.

**Course Content** Covers five (5) units of competency from the Certificate III in Wall and Ceiling Lining (CPC31211)

- Apply OHS requirements, policies and procedures in the construction industry CPCCOHS2001A
- Carry out measurements and calculations CPCCCM1015A
- Work safely at heights above 2 metres CPCCCM2010
- Install batt insulation products CPCCPB3014A (This will also include foil wrap)
- Install ceiling insulation CPCCPB3027A

**Key elements covered in this course include:**

Identify authorised installation materials and techniques  
Worksafe methods and practices, hazards and controls  
Electrical isolation procedures

Standards, regulations and codes  
Risk assessments and PPE  
Record and report the results of inspections

**Who should attend?** The course is designed for persons with prior experience in the construction industry:

- Minimum of two (2) months industry experience
- Managers, Supervisors and other persons in-charge of Insulation Installation
- Construction Industry tradespersons who undertake the installation of insulation
- Associated industry personnel such as builders, electricians, plumbers, and air-conditioning installers who are responsible for insulation installation, meeting manufacturer requirements & Australian Standards.

**Course delivery includes:** Course workbook, handouts and assessments completed for each competency, Group discussions on Manufacturers Standards, Building Codes of Australia and Australian Standards, Visual media and static displays

**Recognition and Certification**

Participants who satisfactorily complete all assessments (five units) will receive a nationally recognised Statement of Attainment which will include recognition for the AWCIANZ Inc Industry Insulation Installers Skill Set, and be eligible to apply for provisional Industry Insulation Accreditation by the Clean Energy Council (Additional conditions apply – refer to the [www.cleanenergycouncil.org.au/insulation](http://www.cleanenergycouncil.org.au/insulation). Participants not completing all assessments can request a Statement of Attendance. RPL / Credit Transfer is available for participants who hold one or more of the units of competence with industry currency.

**VENUE: To be confirmed**
